Mission

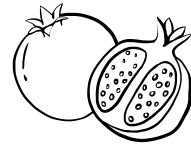

Ceratonia's mission is to honor nature's richness with gratitude. We provide our customers with gourmet, natural products designed to support their well-being while ensuring environmental responsibility. Our commitment to sustainability is reflected in our use of 100% recyclable and reusable packaging and our zero-waste production system. Additionally, we take pride in promoting traditional craftsmanship and empowering our skilled workforce, which is predominantly composed of women.

Carob

Date

Grenade

Our range of carob-based products

Carob Powder

Our carob powder is made from carefully selected carob pods that are dried, gently roasted, and finely ground.

It is unsweetened, gluten-free, and caffeine-free, making it the perfect alternative to cocoa powder.

Bissia Caroube

Carob Bissia is our magical blend. It is a traditional Tunisian preparation made from roasted and ground cereals, spices, legumes, and carob.

Carob Molasses

Ceratonia's carob molasses is made from pure carob and water. In addition to its nutritional value, it has a naturally sweet and mild taste, making it the perfect natural sweetener.

Tahina Carob Spread

Our spread is made from carob and sesame paste. The combination of these two ingredients offers a delicious and healthy treat.

Carob Seeds

Carob seeds are small, hard, and shiny, rich in fiber, protein, and antioxidants. They can be processed into a gum, also known as carob flour (E410), which is used in the food and pharmaceutical industries. Carob seeds serve as a thickening and emulsifying agent in various products. Their natural sweetness makes them a popular ingredient in chocolate alternatives and snacks, and they are used in both traditional cooking and modern vegan recipes.

Carob - For Animal Feed

Carob is a valuable ingredient in pet food as it is rich in fiber and nutrients, promoting healthy digestion in animals.

Carob Pod

Crushed Carob

Carob Powder

Our range of date-based products

Date sugar is a healthy and natural alternative to regular white sugar. It is made from dried dates that are finely ground to create this sweetening powder.

Date Pit Coffee

Date pit coffee is a healthy alternative to traditional coffee, made from roasted date pits. It offers a mild, slightly caramelized flavor, rich in fiber and antioxidants, and is naturally caffeine-free. Perfect hot or cold, it pairs well with spices like cinnamon, providing a unique and nutritious taste experience.

Our range of pomegranate-based products

Pomegranate Molasses

Pomegranate molasses is a thick, 100% natural syrup, free from preservatives and added sugar. It adds a tangy flavor to your dishes, making it perfect for enhancing both sweet and savory recipes.

Pomegranate Jam

Pomegranate jam combines sweetness and tanginess while being rich in antioxidants. Perfect for spreading, enhancing desserts, or pairing with savory dishes, it adds a unique and flavorful touch to your meals.

Pomegranate Peel Powder

Pomegranate peel powder is natural. It is used for hair care and beauty, as well as for protecting the skin.
